

PINEAPPLES CLASS NEWSLETTER

Dear Parents/Carers,

We want to let you know what topics we will be covering in Pineapples Class this term.

In PE we will be doing football on Tuesdays, inside if it is raining. On Fridays we will be doing gymnastics.

We will also have Forest School on Thursday afternoons.

RE will be taught by Sarah Moore. The children will be learning how people help others in society.

In Science pupils will learn about space and planets.

In Computing children will begin learning coding.

Pupils will also have special lessons called "Social Detectives" in PSHE.

We will follow a creative curriculum for History, Geography, Art, Music and DT. It will be based on The Ancient Egyptians.

Should you have any issues, please feel free to contact us via the home school book or the telephone (leave a message in the office and we will call you back.)

Yours sincerely,

Sarajane Saville (Class Teacher),

Andrea Chalke, Maggie Aldridge, Jessica Rose (Support staff)
