

## A trip to Kelme, Lithuania, 2<sup>nd</sup> – 8<sup>th</sup> June, 2019

Sunday, 2nd June

Our journey started at 5.30am on Sunday. We went to Luton airport to take Ryanair flight to Kaunas. It took us 2.5 hours to get there.

There was a bus from school at the airport waiting for us and it took us to our guest house.

We stopped for lunch in a beautiful place where we saw a huge aquarium with different fishes including sharks.

When we arrived at our place we were very happy to see our houses. We unpacked our bags and spent some time paddling in the lake. As we had a long day, we had earlier dinner and had an earlier bedtime.

Monday, 3rd June.

We had free time to explore our place till the afternoon. The weather was great. We walked along the lake to the nearest village. We found some sports equipment on the way and stopped there to do our '5-a-day' exercises.

We then visited Tytuvėnai monastery and had a guided walk there.

After that we had local ice cream which we thought was really nice and visited the Mayor of Kelme district. We watched the film about Kelme and recognised some of the places we've already seen.

We then had some time to play in the park and had dinner at the local restaurant.

When we came back to the guest house, we quickly changed into our swimming costumes and had fun on the beach.

At the end of the day we've discussed what we have already done and decided that we covered a lot of lessons just in one day - PE and swimming, Geography, RE, Maths (counting steps, following directions), Science (learning about different plants) and even English (we did some writing at the monastery using a quill pen).

Wow, and that was just day 1.
