# VISUAL NARRATIVE AND ICT ENHANCED CLASSROOM
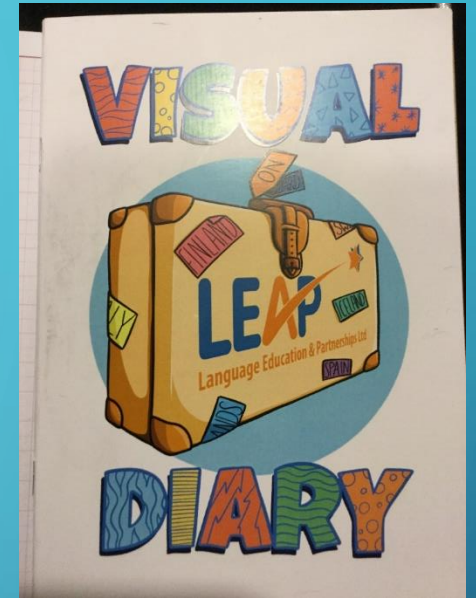

ABOUT THE COURSE

During the week we developed knowledge and understanding of
* use of ICT tools such as online journals
• key visual communication principles and the use of visual diaries
• key principles of photography
• narrative forms
• use of comic books and film making
• use of media tools
• use of ICT tools to create interactive resources

VISUAL NARRATIVE

- An account of connected events presented through images

- Why?

- Boost their confidence

- Learn communication

- More memorable for them

- To support expressing emotions

- How and Where?

- To record something they've learned

- To listen and record

- To create a story

- To retell a story

- In Draw & Talk sessions

- To communicate

- At the start of the topic – mind map (Assessment for Learning)

COMIC LIFE

- What can we do?

- Sequence a story

- Create a story

- Create a poster

CREATE A STORY

CREATE A POSTER OR A CARD

SEQUENCE A STORY

- Use timeline logic
-
